

## **UNITED ROTARY BRUSH & THREE B BRUSH MARKET ANNOUNCEMENT**

United Rotary Brush (URB) is pleased to announce the acquisition of the Road and Gutter Broom assets from Hurley Brush Company, Inc, d/b/a Three B Brush Corp, a family owned business headquartered in Lubbock, TX. Three B Brush is a manufacturer of after-market street sweeping brooms in the southwest. In 2010 United Rotary Brush made a commitment to providing the industry's best value and service in southern California by purchasing American Rotary Broom. URB expanded on that foundation in 2014 by purchasing the operating assets of Glendale, AZ based West Coast Equipment. The acquisition of Three B Brush Road and Gutter Broom assets further builds on this commitment to the southwest and southcentral regions.

Asaf Salama, President of United Rotary Brush, explains that Three B Brush Corp has built a strong regional business in the after-market sweeping broom market. United Rotary Brush is excited about the acquisition and looks forward to working with and supporting Three B Brush's customers. The owner of Three B Brush, Tom Hurley, is confident that United Rotary Brush will continue to service the Company's existing customers and continue the Company's historical growth in the street sweeping after-market. Three B Brush will maintain its Specialty, Gin, and Bat & Brush Product Divisions.

### **About United Rotary Brush Corporation**

United Rotary Brush Corporation ([www.united-rotary.com](http://www.united-rotary.com)) is headquartered in Lenexa, KS. With seven locations throughout the United States and Canada, United Rotary Brush is North America's largest manufacturer of rotary brooms used for the street sweeping, road maintenance, facilities management, and airport runway maintenance. In addition to the sweeping after-market, the Company is a leader in the custom engineered brushes used in the metals processing, automotive, food, plastic, cement, and solid waste management industries.
